**If you are not active in your studies for 3 solid weeks you will lose your place in the course.**

### To avoid cancelled studies

- 2) Consider when during the week/day and where you can find the best environment for studies.

- 3) Get your course literature as soon as possible.
- 4) Follow your course plan and contact your teacher as soon as you get stuck.
- 5) Keep in touch with your teacher.

## If you get ill

Let your teacher know that you are not feeling well by sending a message on *itslearning*. If you are sick for more than 2 weeks you need to present a doctor's certificate to not risk losing your place in the course. The doctor's certificate should be sent to the administrators of your school (see contact information on [Kontakt - Infokomp](#)). Remember that you also need to report to "Försäkringskassan" or CSN.
